UNDERGRADUATE COMMITTEE ADVISORY #8

For: Incoming shiftees/transferees 2013-2014
Subject: Validation of Economics courses taken in other campuses (please refer to Advisory 5 for further guidance)

1. Incoming shiftees/transferees who wish to obtain credit for Econ 11, Econ 101, Econ 102 or any other qualified economics course completed in another UP campus must inform SE 101 of their intention to do so on or before **May 27, 2013**. Those who do not signify their intention will be required to re-enroll in the course.
2. Validation exams for Econ 101, Econ 102 or other higher economics course will be on **June 3, 2013**. Incoming shiftees/transferees who do not take the exam at this time are assumed to have forfeited the opportunity to validate and will be required to re-enroll in the course. If the course is a prerequisite to a higher economics course, the student will not be permitted to enroll in the higher course unless he/she obtains the instructor's consent.
3. The validation exam for Econ 11 will be scheduled by the Chair during the semester. **Note that at this time, Econ 11 taken in UPLB or UP Baguio cannot be credited as a GE-SSP subject but can be credited as a lower free elective.** If credited as a lower free elective, affected students must take another course (not Econ 11) to satisfy the GE-SSP requirement.
4. Econ 100.1 and 100.2 are substitutes for Econ 11. While the SE considers this compliant with the GE-SSP Econ 11 requirement, the OUR unfortunately does not. In other words, the substitution will give students credit for one lower free elective but not for a GE-SSP course. [Alternatively, affected students may instead enroll in the GE-SSP Econ 11 course and receive credit for either 100.1 or 100.2 (but not both) as a lower free elective according to the regular rules on the inclusion of electives for WAG computation.]
